

Adithya Auto's new plant inaugurated

Kolkata, Oct. 8

Dr J.J. Irani, Director, Tata Sons, on Thursday inaugurated in Lucknow the newly built manufacturing plant of Adithya Automotive Applications Pvt Ltd, a joint venture between TRF Ltd (51 per cent), Jasper Group (29 per cent) and Tata Capital Ltd (20 per cent), according to a release issued by TRF Ltd. The plant will develop and manufacture fully-built end solutions for truck applications such as tippers, cargo bodies, garbage compactors and refrigerated vans. TRF Ltd, a Tata Group company, provides solutions for bulk material handling/processing systems and equipment for ports and yards. Tata Capital is the wholly-owned subsidiary of Tata Sons Ltd, while Jasper Group is a major dealer of Tata Motors' commercial vehicles and passenger cars in Andhra Pradesh for the past 50 years, the release adds. — **Our Bureau**
