## TRF celebrates Founder's Day, showcases 'digital capabilities'

**Jamshedpur, March 3:** TRF Limited celebrated the 178th birth anniversary of Tata group Founder, Jamssetji Nusserwanji Tata, by showcasing its capabilities to digitalize its entire operations and connect its equipment with people, through the concept of IoT (Internet of Things).

A large number of TRF employees paid homage to the founder under the leadership of its Managing Director P S Reddy, Chief Operating Officer, P K Tibdewal and Vice President (Projects) Sandeep Tanwar.

They also showcased the company's capabilities in the area of digitalization, through an audio-visual, when they marched in procession to pay tribute to the

founder in the Steel Works, today. In addition, employees of the company paid homage to the founder in TRF Works, wherein the senior leadership of the Company participated along with employees and associates of the company. TRF employees based on Kolkata and other sites also paid tributes.

On this occasion TRF participated in TechEx-2017, a technical exhibition organized by Tata Steel at its technical institute, SNTI. It displayed a model in the exhibition and the theme of TRF's presentation is 'Going Digital @ TRF'.
